

## What is PATHWAY?

PATHWAY is a Research Data Hub that aims to improve patient care and population health by providing safe access to health data for clinicians, analysts, and researchers.

## Why is PATHWAY unique?

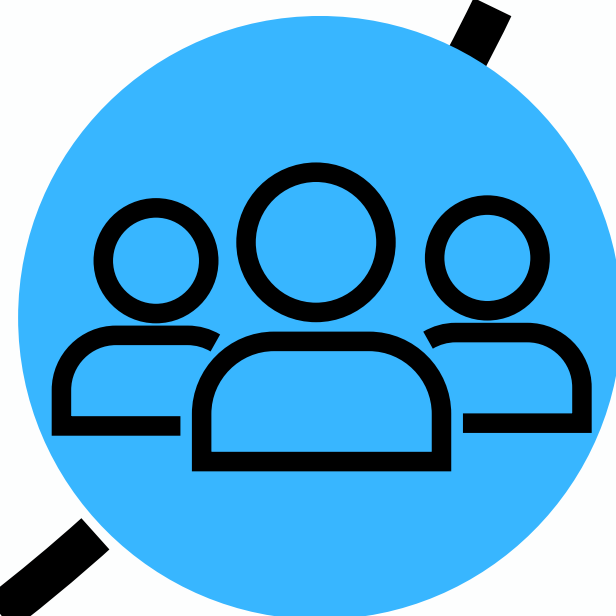

The PATHWAY Research Data Hub provides UHB health data for different types of research, all with the goal of benefitting patients and the public.

# PATHWAY Patient and Public Involvement and Engagement (PPIE)

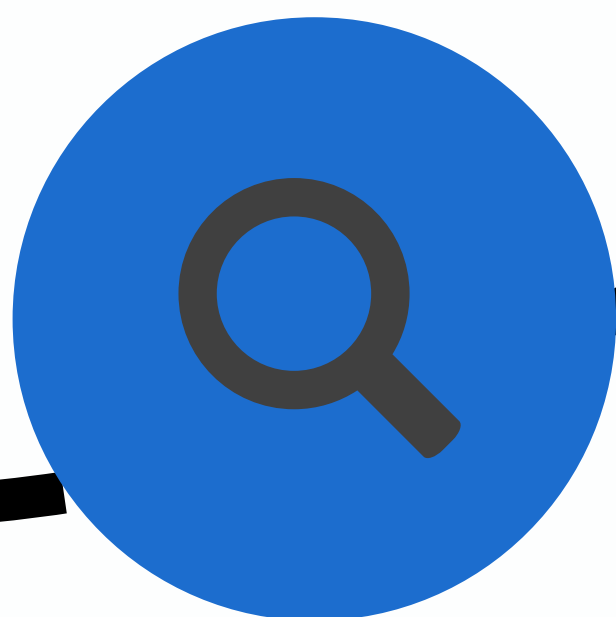

## What does a PPIE member do?

PPIE members will be part of the Data Trust Committee and will review applications for research projects to ensure patients are at the heart of everything we do.

## Who can be a PPIE member?

We welcome anyone over the age of 18 years. Training will be provided.
